It is a platform for the child to express their problems, opinions, give suggestions, address conflicts and give feedbacks. Open House serves as a means for children to assess, review and evaluate CHILDLINE Network. This open, uninhibited interaction allows the CHILDLINE team along with the child to identify solutions of various problems facing by the children. Thus giving children the authority to judge a situation and decide a verdict or determine a course of action in relation to a problem. It also serves as an opportunity to share the positive encounters between children and functionaries of the allied systems, like the police, health personnel etc. who otherwise traditionally share a relationship of mistrust. This helps not only in giving insights for improving the service, but also in building a relationship of trust with the child and strong up the relationship between the children's and CHILDLINE.
