Sri Binod Kumar Pramanik (Secretary), JLPK

Greetings from Jan lok kalyan parishad. We are in the 18th year of existence. We are happy to release this Annual Report for the financial year 2010- 2011 in front of you. We thank all of you for your help and support. Our organization is working predominantly in Pakur District of Jharkhand state from last 18 years with the sole mission of enabling the tribal, backwards, rural poor and vulnerable masses to uplift their standard of living by effective livelihood promotional activities & assess to proper education facilities. Jan lok kalyan parishad devised eco friendly, right-based, socially and economically viable strategies which results in sustainable development of village community. We focus on providing livelihood support through their capacity building. People's priority for livelihood generation will shift from short term benefits to long term developmental activities. This will inculcate the habits to start entrepreneurial activities which will ultimately raise their standard of living. Thus, we emphasize on livelihood development support and community mobilization which can bring forward empowerment and development of village level institutions.

We also focus on Child protection by building strong network of child protection unit within the district. Our observation and experience during work, conceived that we are strengthening capacity to our front line field level staffs and in these process strengthening villages with more focus on SHGs as village level primary institution. We also believe that three tier governance and decentralization is the only way out for effective development.

I feel extremely honored to express my gratitude to all the partners in our effort towards development, especially CBOs, Government Departments, Donors, Partner NGOs, media and colleagues who have provided their support which resulted in bringing positive changes in all the working sectors of our organization.

JLKP works in the District of Pakur and Sahebganj with an extensive working and focus in all the six block of Pakur namely- Pakur, Hiranpur, Littipara, Amarapara, Maheshpur, and Pakuria. The idea behind selecting these blocks was that the people in the operational villages lived a very low standard of living. The Villages are dominated by ST and SC population, and are lagging behind from the mainstream of development.

JLKP also served as a Collaborative organization for CHILDLINE Network for child in need of care and protection in Pakur District, having Child help line control room at Pakur and its Sub centers at all the six Block of the District.

Our Vision

Health and education for all with socio - economic development.

Our Mission

The mission is to work towards sustainable holistic development of marginalized sections of society particularly women and children, by following a right based and empowerment approach, in the fields of Child protection, education, health, Agriculture technologies, sustainable livelihoods and governance

Brief Background

Twenty two years back in 1989, two energetic young men named Sri Binod Kumar Parmanik and Shiv Charan Uraw from a very small village of Makhani in Sahibganj District, formed a club in the name of Nehru yuva Club. The motive of this club was to guide the youths of tribal and pahariya Villages, those are living below poverty line, for their rights and obligations. The club got registered in year 1990. The villagers were cooperated the club most for expanding its activities and projects in health and education. In the year 1992, Sri Subhash Sharma, then was hon'ble district collector of Sahebganj, was much impressed by the social activities of the club and encouraged the club members for registration. The club was registered Under Society Registration Act 1860 in the name of "Jan Lok Kalyan Parisad" Onwards the organization got lots of opportunities by the district administrations, CBOs, funding agencies and govt. Secretary of "SRI" Ranchi, Dr. A.K. Basu selected our organization as a best society in pakur for year 2001. From that period, Jan Lok Kalyan Parisad never looked back and active in changing the lives of people securing livelihood of rural, tribal Poor and children.

JLKP's Objectives

- Improve the living standard by implementing effective poverty alleviation programs and livelihood promotional activities in remote rural villages of our working area.
- Work for the Child in need of care and protection by implementing a common child Helpline number for Pakur district.
- Provide access to better and effective primary and adult education in rural and tribal areas.
- Strengthen the capacity of tribal / Pahariyas / minorities communities and remote villages of target areas by facilitating them various Govt's schemes and development programs.
- Bring about an improvement in health and hygiene in the tribal rural areas by accelerates sanitation coverage and awareness.
- Enable the underprivileged farmers for effective and optimum utilization of resources available with them and use of technology in agriculture.

Project – Residential & Non Residential bridge course education center

Children at Residential bridge course center, performing morning P.T

Education facilities have not been able to percolate with the required intensity in the rural areas of Pakur District. In this backdrop JLKP tried to make tribal and poor rural children to enroll in formal and non formal Schools so that they can complete their elementary cycle of education. We have been able to take School to the community and community to the School. JLKP started with an experimental innovational RBC center in Chapadanga village in pakur block with support from Jharkhand Education Project, Pakur to strengthen the education system in these areas.

Funding partner – JEPC, Ranchi

Operational areas – Pakur and Littipara Block of Pakur district

Goals and objectives – The main objective of this project is to educate these children comes under the age group between 9-14 years those are belongs to ST/SC/Pahariya category and are dropouts and not going to any formal or non formal schools, So that they can get primary education and can be mainstreamed to a formal educational center.

Activities conducted during project period–

- Meeting with Block level officials
- Meeting with village heads at block level.
- Exposure visit of concerned Government officials, JEP, village heads.
- Survey, identification and mapping of target children in the entire Pakur block,
- Village wise enrolment drive of children for RBC.
- Capacity building of Camp warden, teachers and all the related staffs.

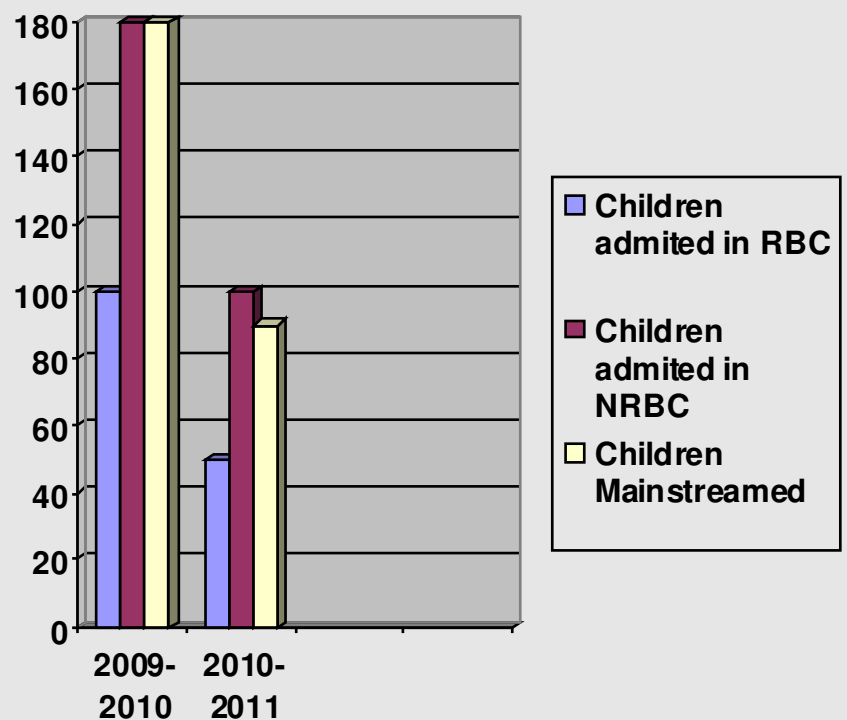

Regular class room view at Residential bridge course center

Achievements in 2010-11

This year Jan Lok Kalyan Parishad is running 1 (one) Residential Camp Schools and 4 Non residential camp schools. In this year 50 numbers of children are enrolled in residential bridge course center and nearly 100 numbers of children in non residential bridge course center running by our organization.

Project – Condense course for Adult women

Photograph of Beneficiaries of Condense course for Adult Women

One of the major objectives of the organization is to facilitates assess to education for women of pakur district who contributes a major part in determining a very low literacy rate of this district. Illiteracy in tribal women is one of the major hindrances in social and economic development of these areas. The main objective behind the condense course for women is to instilling confidence among adult women and strengthen them socially and economically through education which subsequently makes them efficient in their livelihood promotional activities.

Funding partner – CSWB, Central social welfare board
Operational areas – Two Villages namely Sangrampur and Tilbhitha of Pakur block.

Activities conducted during project period–

- 🚶 Survey and mapping of Villages.
- 🚶 Survey and identification of target women age groups between 15 – 35 years, in the target areas
- 🚶 Recruitment of staffs and volunteers.
- 🚶 Jan lok kalyan parishad employed two part time staff and one full time instructor for this project in two villages of Pakur block.
- 🚶 Capacity building of staffs, teachers, instructor and volunteers.

Achievements in 2010-11

This year 25 numbers of women were benefited by JLKP's intervention in Sangrampur and Tibhitha villages of Pakur block. These women were selected for condense course those were enthusiastic in learning to improve their educational backwardness. 25 numbers such enthusiastic and extremely poor women were completed their course in this center, which are now able to read and write and can express themselves in languages whatever they wish. It also improved self confident among adult women.

Project – SRI , SYSTEM OF RICE INTENSIFICATION

Funding partner – Department of science and Technology, Gol, NABARD, Rachi.

Operational areas – Littipara block of Pakur district

Goals and objectives – JLKP's one of the missions is to enable the rural poor and vulnerable masses for effective and optimum utilization of natural resources available in their locality. Due to lack of modern technical know how the villagers' living standard remains unchanged in spite of rich natural resources.

Achievements in 2010-2011

A dramatic increase in production capacity of land has been observed by implementation of SRI techniques. The farmers who were yielding 6 (mun) = 3 quintals paddy from 1 (one) Bigha land by practicing traditional method of farming, now they are growing 12 to 16 quintals paddy from the same piece of land.

Activities conducted during project period–

- Survey and mapping of 8 Villages of Littipara Block.
- Survey and identification of 170 farmers from these villages in Littipara block.
- Selection of land.
- Analysis of growing cost of rice in old methods.
- Meetings with farmers and village's heads.
- Training through SRI techniques.
- Support for hybrid seeds and better fertilizers.
- Practical implementation of these techniques by farmers.

A Farmer Growing seeds using SRI techniques

Livelihood program focuses on intervening on Household Food Security issues, enhancing livelihood options and stabilizing potential sustainable livelihood, most of them are development of micro enterprises based activities, small livestock interventions etc.

Activity – Goat rearing as Livelihood in rural

Farmer with their Goats

Funding partner – MESO, Pakur

Operational areas – 4 (Four) remote and backward villages of Littipara Block of Pakur District is selected.

Goals and objectives –

The goal of this programme is to empower the local community, to promote sustainable improvement of livelihood security and to improve general quality of life of the tribal and other poor families in most backward villages of Pakur district.

Activities conducted during project period–

- Selection and mapping of most backward tribal and pahariya villages of Pakur district
- Identification of 6 (Six) families from each of the selected villages.
- Facilitating and distribution of goats
- Monitoring, Capacity building and providing training

Achievements in 2010-11

In this financial year 2010-11, Jan lok kalyan parishad distributed 120 goats to the selected farmers in 4 (Four) villages of Littipara block in Pakur District. This year a total of 24 farmers were benefited by the JLKP's intervention in this areas. (4 + 1 = 5 numbers of goats was distributed to each selected farmers. i.e four numbers of she goats and one number of He Goat. The beneficiaries are now earning additional income of RS 1000 to 1400 per months.

Pakur district is one of the 11 most backward in Jharkhand (one of the UNDAF states) and figures in the list of 100 most backward districts in India. It also figures in the list of 90 Minority Concentration Districts (MCDs) prepared by the Ministry of Minority Affairs, GOI on the basis of the 2001 census data on population, socio-economic indicators and basic amenities indicators. Through a joint initiative between State Level Rural Livelihood Promotion Society (SLRPS), established by Government of Jharkhand, and UNDP, Pakur has been selected as one of the 5 districts for the financial inclusion program. It is also noteworthy that as per the guidelines and parameters of Reserve Bank of India (RBI), Pakur district has been declared as 100% financially included, but the field realities clearly depict that rural poor at large and people living in the remote areas are in need of livelihood opportunities, regularize financial services and life sustaining amenities essential for quality productivity.

Funding partner – UNDP

Goals and objectives – Within the poverty reduction thematic area in Pakur district, JLKP is one of the implementing partners of UNDP's Financial Inclusion project who is working with the state governments to facilitate the design and implementation of pro-poor and inclusive livelihood promotion strategies. The focus is on excluded groups such as women, Schedule Castes (SCs), Scheduled Tribes (STs), Minorities, below-the-poverty line and migrant households and involuntarily displaced people. Recognizing that access to financial services is a crucial element of livelihood promotion, financial inclusion is an important component of the programme.

Operational areas – 9 (Nine) remote and backward villages of Littipara Block of Pakur District is selected namely Bara sarsa, Kamalghati, Jitpur, Chota sarsa, kawanduba, Phulpahari, Dopahari, Patrapara and Jirli

Financial inclusion intervention done from Jan 2011 to June 2011

Sl.No	Description of Intervention	Target number of Villages / SHGs	Target Achievements in 2010-11 (Within Three months)
1	Community mobilization and financial literacy	9 Villages	7 Villages
2	Profiling of all the SHGs and assessment of capital building needs	21 SHGs	21 SHGs
3	Strengthening of existing SHGs to meet the essential norms of good quality SHGs	21 SHGs	11 SHGs
4	Linking the SHGs with financial institutions	21 SHGs	10 SHGs
5	Formation and strengthening of new SHGs	20 SHGs	07 SHGS
6	Community level product aggregation and market link established for better price realization	5 Villages	3 Villages

Activity – Formation of Self help groups

Organizing the poor women and men of villages into a Self Help Group is a powerful tool for bringing social transformation and livelihood promotions. The concept of Self Help group is based on participatory involvement of both women and men from the equal economic status and same locality for sustainable community development and brings social changes in their villages. This not only improves their economic status but also develop their capacity to organize themselves to deal with the emerging socio-political issues which affect their day to day life.

Funding partner – DRDA, District Rural Development Authority, Pakur

Operational areas – In seven panchayats of littipara block. Namely Taljhari, Baadu, Litipara, Nabadhee, Ghaghari and Jaamjori.

Activities conducted during project period–

- Meeting with block level officials
 - Meeting with villages heads and gram panchayats
 - Survey, identification of men/ women & mapping of villages.
 - Mobilizing the underprivileged, deprived poor men and women into a Self help group
 - Capacity building and training
 - Linking them to local Banks
 - Assisting them in micro financing through bank according to grading
- Keep tracking of satisfactory operation of self help group's business activities.

Achievements in 2010-11

In this year Jan lok kalyan parishad played a key role in the development of Micro Enterprises in the various villages of Littipara Block of Pakur District. JLKP has a strength of 90 nos. of women SHGs, out of which 25 nos. of women SHGs were formed in this financial year and successfully linked to the local banks. New groups are in the process of formation. A total of 1020 numbers of rural women of Littipara block of Pakur district were benefited by this program.

Trainings – Beautician Training

This year JLKP has given Beautician training under REDP (Rural entrepreneur development programme) project of NABARD.

Funding partner – NABARD

Operational areas – Pakur block of Pakur district.

Goals and objectives –

With increased opportunities for employment for women and the need to supplement household income more and more women are entering into the job market. The goal of this programme is to empower the women of very lower economic status, to promote sustainable improvement for livelihood security and to improve general quality of their life

Activities conducted during project period–

- Survey and identification of target women from very lower economic status, in the target areas
- Recruitment of staffs and volunteers and trainers.
- Capacity building of staffs, teachers, instructor and volunteers.
- Capacity building and 40 (Fourty) days training to the beneficiaries.
- Distribution of certificates

Achievements in 2010-2011

This year Jan lok kalyan parishad has given beautician training to 25 (Twenty five) selected poor young girls and women of Pakur block of Pakur district. After getting successful training most of these trained women has started beauty parlor at their home and earning extra income for their livelihood.

Officials from NABARD monitoring the Beautician training class

It's a holistic programme for Urban women self help group. It is a government Project funded by Nagar Panchayat to empower the urban poor women for their self reliance. The design of the training is to start their economic activity and income generation through their skill development training in sweater knitting

Funding partner – Nagar Panchayat, Pakur under (SJSRY) Swarn Jayanti Sahari Rojgar Yojana Scheme

Operational areas – Pakur block of Pakur district

Goals and objectives –

Livelihood promotion is always been an important objective of JLKP, as such we incorporate many such livelihood programme into our activities. The goals and objective behind this project are followings

- To develop the skill of these selected women in sweater knitting.
- To increase the opportunities for employment for these women through these training.
- Promote to start income generation through this skill.
- To empower the women of very lower economic status.
- To promote sustainable improvement for livelihood security and to improve general quality of their life

Activities conducted during project period–

- Survey and identification of target women from very lower economic status, in the target areas, JLKP has selected 25 such women from Urban BPL families in Pakur.
- Recruitment of staffs and volunteers and trainers.
- Capacity building of staffs, teachers, instructor and volunteers.
- 2 (Two Months) training to the beneficiaries.
- Distribution of certificates

Inauguration of Sweater Knitting training under SJSRY

Women selling their product in Handicraft and rojgar mela in Pakur

Project – (TSC) Total sanitation campaign

Funding partner – PHED, Pakur, PHED Sahebganj

Operational areas – In 7 (Seven) Panchayats of Sahebganj district, namely Barhet, Boreo, Udhawa, Rajmahal, Barharwa, and in 1 (one) Panchayat of Pakur block, namely Jikarhatti.

Goals and objectives – Improving sanitation is the key to achieving our health related millennium development goals of reducing child mortality and combating disease. The practice of open defecation by the majority of poor rural household is one of the most serious environmental threats to public health. Open defecation and failure to confine excreta safely are prime factors that contribute to the spread of disease and infection through the bacteriological contamination of water sources and the transmission of pathogens through the fecal oral route. Due to ignorance and unhygienic behavior of tribals these subsidized toilets remains unused or are being used for purposes other than sanitation. Most of people continue to defecate in the open not due to lack of access to toilets but primary because they see no reason to change their behavior because awareness of associated health risk is limited or ignored. Public health outcomes can be achieved only when the entire community adopts sanitation behaviour for 100% open defecation free zone. Jan lok kalyan parishad implemented TSC, a people centered participatory and demand driven approach, which is being implemented in a campaign mode. This new paradigm is a shift from allocation based and supply driven program to a demand driven programme; from a top down to participatory approach, and it tries to generate a campaign to highlight issues related to sanitation by involving all stakeholders. This impose that strong emphasis is placed on information, education and communication and social marketing, which will increase people's awareness in terms of enhancing capacity to choose appropriate options.

Achievements in 2010-2011

This year Jan lok kalyan parishad has constructed about 2892 low-cost latrine structures for the beneficiaries of operation villages. i.e 2000 in Sahebganj district and nearly 892 numbers of such latrines in Jikarhatti panchayat of Pakur block.

Behavioral change is being noticed among the villagers. Beneficiaries are using these toilets in a regular basis and they are also motivating the others for the same. Through this program, we also selected Village level health volunteers who will be the key health worker for the village and will take care of the health needs of the villagers, starting from counseling women on reproductive issues, awareness of safe water for health, The volunteer also generate mass awareness about preventive health issues. For this purpose, the Organization is taking care of their capacity building in various preventive health aspects.

One of the beneficiaries of TSC

Project – CHILDLINE Pakur

Road side show, performing for CHILDLINE Service awareness in Pakur

Activity Done in 2010 – 2011 (From 1st Feb 2011 to 31st Mar 2011)

Sl. No	Particulars	Numbers
1	Total Numbers of Outreach done by our team members.	23
2	Numbers of open house conducted for awareness of CHILDLINE services	01
3	Numbers of Childline staff orientation meeting done	01
4	In House training done for Childline staffs at District Level	01
5	Numbers of Directors meeting done in District level	01
6	Numbers of weekly staff meeting done for monitoring Childline Activity	07
7	Numbers of Community meeting done in target areas	15

This year Jan lok kalyan parishad started the CHILDLINE service in Pakur District with the support from Childline India Foundation and The Ministry of Women and Child development, New Delhi. This project commence from dated 01- 02- 2011

About Project – CHILDLINE is a 24-hour free toll free-help-line and outreach service for children in need of care and protection that links children to a long-term services. It is a project of the Ministry of Women and Child Development, Government of India. This service has been started in all the six blocks of Pakur district. Our organization served as a collaborative organization for this Child help line Service in Pakur district.

Funding partner – CIF, Mumbai.

Operational areas – All the 6 (Six) Block of Pakur district in Jharkhand state.

With increased opportunities for employment for women and the need to supplement household income more and more women are entering the job market. With the breaking up of joint family system and the increased phenomenon of nuclear families, working women need support in terms of quality, substitute, and care for their young children while they are at work. There has, however, been very slow growth of Crèche/ Daycare facilities, resulting in failure to meet the needs of working mothers in terms of extent, content and quality of services. Crèche and Daycare Services are not only required by working mothers but also women belonging to poor families, who require support and relief from childcare as they struggle to cope with burden of activities, within and outside the home.

Funding partner – JSWB

Operational areas – Binjha Village of Littipara Block.

Goals and objectives – The goal of this programme is to empower the local community, to promote sustainable improvement for livelihood security and to improve general quality of life of the tribal and other poor families in most backward villages of Pakur district.

Achievements in 2010-11

Twenty five numbers of tribal poor families of Littipara block were benefited each year by this ongoing programme of our organization. This year 6 (Six) numbers of children has completed the age of 5 years and new 6 (Six) numbers of children were taken admission into this center

The beneficiaries' families and working mothers are getting support and relief from childcare when they go for works.

A mother keeping their child in JLP's Crèche center

Committee member meeting for FCC running by JLKP

Funding partner – JSWB (Jharkhand Social Welfare Board)

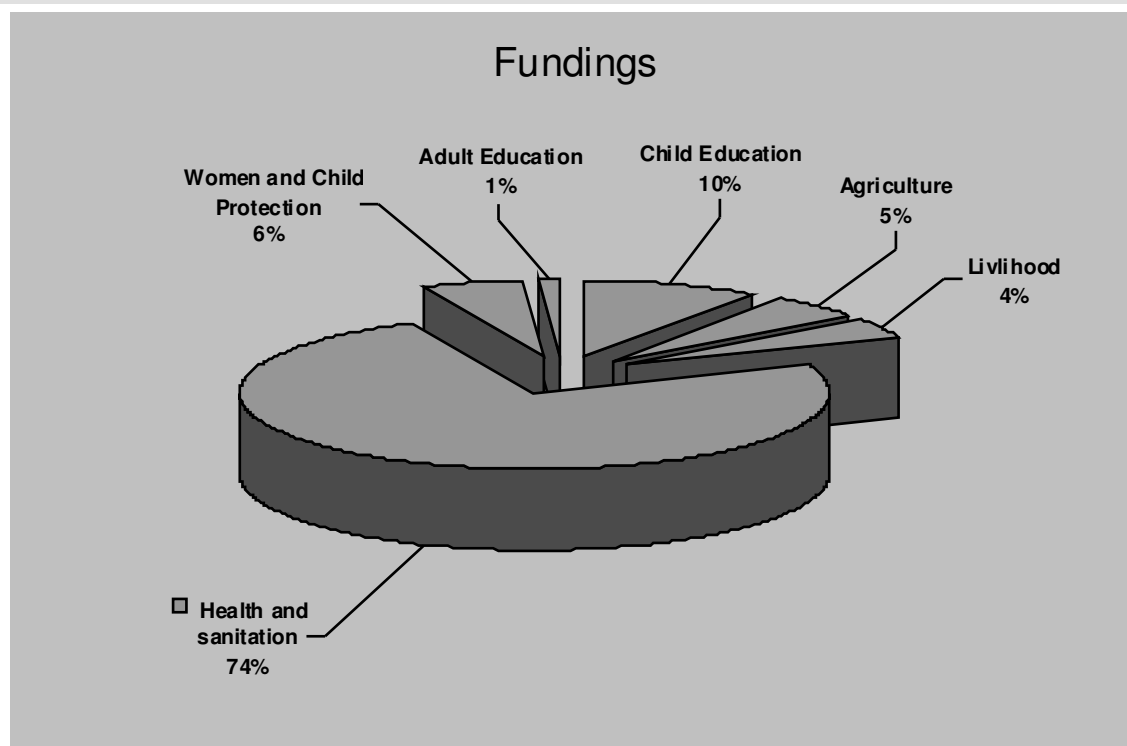

Operational areas – Pakur District.

Goals and objectives – JLKP successfully running the family counseling center at Pakur city. The motive behind the Family counseling center is to resolve conflicts in the family by Counseling, referral and rehabilitative services to women victims who are in moral danger within the family or society at large including those affected by disputes, marital discord or maladjustment. This services is provided free of charge. The Family Counseling Centre work in close collaboration with local authorities e.g. police and institutions like Short Stay Homes and intervene in 'crisis' cases and in cases of atrocities against women. The organization has appointed two counsellors (one male & one female) for providing best service to the victims. The programme is appreciated by the many officers and social activist in district of Pakur.

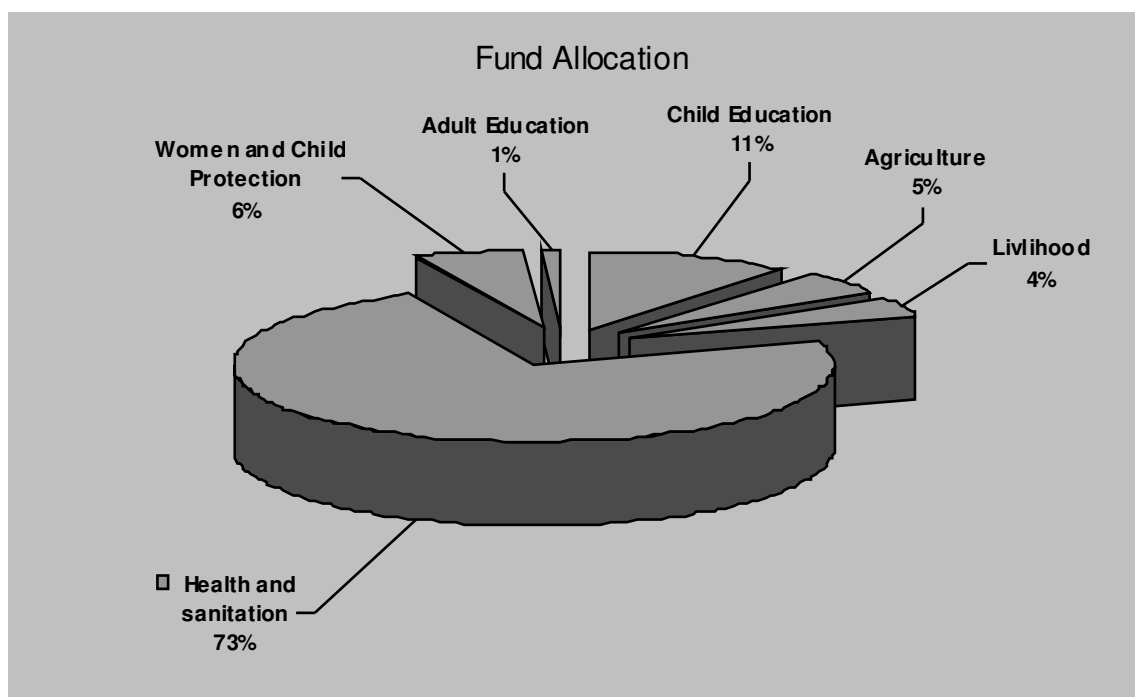

Achievements in 2010-11

The organization has a corporate hierarchical structure which defines complete responsibility of a particular job for a particular level of staff. JLKP also believes in an efficient staff development policy and from time to time invests sufficient time and resources for capacity building of its team. The Central Team provides supportive supervision to the field staffs rather than just monitoring their activities. This helps each of the team members to flourish and contribute effectively to the Organizational development.
