An effort towards Development

*JLKP Annual Report 2011 – 2012*

**G**reetings from JLKP, Jan lok kalyan parishad. We are in the 19<sup>th</sup> year of existence. This is my pleasure to present you our Annual Report for the financial year 2011- 2012 in front of you. We thank all of you for your help and support. Our organization is working predominantly in Pakur District of Jharkhand state from last 19 years with the sole mission of enabling the tribal, backwards, rural poor and vulnerable masses to uplift their standard of living by effective livelihood promotional activities & assess to proper education facilities. JLKP devised eco friendly, right-based, socially and economically viable strategies which results in sustainable development of village community. We focus on providing livelihood support through their capacity building. People's priority for livelihood generation will shift from short term benefits to long term developmental activities. This year we have also worked for Jharkhand RTI Coalition with foreign funding. The goal of the Jharkhand RTI Coalition is to ensure that the Right to Information Act is activated for every citizen in Jharkhand and entitled rights accessed by the most disadvantaged and marginalized people. We also focus on Child protection issues by building strong network of child protection unit and have an access to a common Child help line number 1098 within the district. Our observation and experience during work, conceived that we are strengthening capacity to our front line field level staffs and in these process strengthening villages with more focus on SHGs as village level primary institution. We also believe that three tier governance and decentralization is the only way out for effective development. I feel extremely honored to express my gratitude to all the partners in our effort towards development, especially CBOs, Government Departments, Donors, Partner NGOs, media and colleagues who have provided their support which resulted in bringing positive changes in all the working sectors of our organization.

## Genesis

Twenty three years back in 1989, two energetic young men named Sri Binod Kumar Parmanik and Shiv Charan Uraw from a very small village of Makhani in Sahibganj District, formed a club in the name of Nehru yuva Club. The motive of this club was to guide the youths of tribal and pahariya Villages, those are living below poverty line, for their rights and obligations. The club got registered in year 1990. The villagers were cooperated the club most for expanding its activities and projects in health and education. In the year 1992, Sri Subhash Sharma, then was hon'ble district collector of Sahebganj, was much impressed by the social activities of the club and encouraged the club members for registration. The club was registered Under Society Registration Act 1860 in the name of "Jan Lok Kalyan Parisad" Onwards the organization got lots of opportunities by the district administrations, CBOs, funding agencies and govt. Secretary of "SRI" Ranchi, Dr. A.K. Basu selected our organization as a best society in pakur for year 2001. From that period, Jan Lok Kalyan Parisad never looked back and active in changing the lives of people securing livelihood of rural, tribal Poor and children.

## Our Vision

Health, Education and Protection for all with socio - economic development.

## Our Mission

The mission is to work towards sustainable holistic development of marginalized sections of society particularly women and children, by following a right based and empowerment approach, in the fields of Child protection, education, health, Agriculture technologies, sustainable livelihoods and governance

## JLKP's Objectives

- Improve the living standard by implementing effective poverty alleviation programs and livelihood promotional activities in remote rural villages of our working area.
- Work for the Child in need of care and protection by implementing a common child Helpline number for Pakur district.
- Provide access to better and effective primary and adult education in rural and tribal areas.
- Strengthen the capacity of tribal / Pahariyas / minorities communities and remote villages of target areas by facilitating them various Gov'ts schemes and development programs.
- Bring about an improvement in health and hygiene in the tribal rural areas by accelerates sanitation coverage and awareness.
- Enable the underprivileged farmers for effective and optimum utilization of resources available with them and use of technology in agriculture.

## PROJECT TITLE – RBC, RESIDENTIAL BRIDGE COURSE CAMP SCHOOL.

The basic child education facilities have not been able to percolate with the required intensity in the rural areas of Pakur District. In this backdrop JLKP tried to make tribal and poor rural children to enroll in formal and non formal Schools so that they can complete their elementary cycle of education. We have been able to take School to the community and community to the School. JLKP started with an experimental innovational RBC center in Chapadanga village in pakur block with support from SSA, Pakur to strengthen the basic child education system in these areas.

**Funding partner** – JEPC, Ranchi

**Operational areas** – Pakur Block of Pakur district

**Goals and objectives** – The main objective of this project is to educate these children comes under the age group between 9-14 years those are belongs to ST/SC/Pahariya category and are dropouts and not going to any formal or non formal schools, So that they can get primary education and can be mainstreamed to a formal educational center.

### **Activities conducted during project period–**

- Meeting with Block level officials
- Meeting with village heads at block level.
- Exposure visit of concerned Government officials, JEP, village heads.
- Survey, identification and mapping of target children in the entire Pakur block,
- Village wise enrolment drive of children for RBC.
- Capacity building of Camp warden, teachers and all the related staffs.

## PROJECT TITLE – RAJIV GANDHI NATIONAL CRÈCHE SCHEME FOR THE CHILDREN OF WORKING MOTHER

With increased opportunities for employment for women and the need to supplement household income more and more women are entering the job market. With the breaking up of joint family system and the increased phenomenon of nuclear families, working women need support in terms of quality, substitute, and care for their young children while they are at work. There has, however, been very slow growth of Crèche/Daycare facilities, resulting in failure to meet the needs of working mothers in terms of extent, content and quality of services. Crèche and Daycare Services are not only required by working mothers but also women belonging to poor families, who require support and relief from childcare as they struggle to cope with burden of activities, within and outside the home.

**Funding partner** – JSWB (Jharkhand social welfare board)

**Operational areas** – Binjha Village of Littipara Block.

**Goals and objectives** – The goal of this project is to empower the local community, to promote sustainable improvement for livelihood security and to improve general quality of life of the tribal and other poor families in most backward villages of Pakur district.

### Achievements in 2011-12

Twenty five numbers of tribal poor families of Littipara block were benefited each year by this ongoing programme of our organization. This year 7 (Seven) numbers of children has completed the age of 5 years and new 7 (Seven) numbers of children were taken admission into this center. The beneficiaries' families and working mothers are getting support and relief from childcare when they go for works.

## PROJECT TITLE – SRI, SYSTEM OF RICE INTENSIFICATION

JLKP's one of the missions is to enable the rural poor and vulnerable masses for effective and optimum utilization of natural resources available in their locality. Due to lack of modern technical know how the villagers' living standard remains unchanged in spite of rich natural resources. This year we have worked with 600 farmers in 24 different villages of Littipara block of Pakur district to implement this SRI method of rice farming.

**Funding partner** – NABARD, Rachi.

**Operational areas** – Littipara block of Pakur district

**Activities conducted during project period–**

- Survey and mapping of 8 Villages of Littipara Block.
- Survey and identification of 170 farmers from these villages in Littipara block.
- Selection of land.
- Analysis of growing cost of rice in old methods.
- Meetings with farmers and village's heads.
- Training through SRI techniques.
- Support for hybrid seeds and better fertilizers.
- Practical implementation of these techniques by farmers

### Achievements in 2011-2012

A dramatic increase in production capacity of land has been observed by implementation of SRI techniques. By practicing traditional method of farming, the farmers who were yielding 6 (mun) = 3 quintals paddy from 1 (one) Bigha land now they are growing 12 to 16 quintals paddy from the same piece of land.

## PROJECT TITLE – FINANCIAL INCLUSION IN PAKUR

Pakur district is one of the 11 most backward in Jharkhand (one of the UNDAF states) and figures in the list of 100 most backward districts in India. It also figures in the list of 90 Minority Concentration Districts (MCDs) prepared by the Ministry of Minority Affairs, GOI on the basis of the 2001 census data on population, socio-economic indicators and basic amenities indicators. Through a joint initiative between State Level Rural Livelihood Promotion Society (SLRPS), established by Government of Jharkhand, and UNDP, Pakur has been selected as one of the 5 districts for the financial inclusion program. It is also noteworthy that as per the guidelines and parameters of Reserve Bank of India (RBI), Pakur district has been declared as 100% financially included, but the field realities clearly depict that rural poor at large and people living in the remote areas are in need of livelihood opportunities, regularize financial services and life sustaining amenities essential for quality productivity.

**Funding partner** – JSLPS (Jharkhand state livelihood promotion society)

**Goals and objectives** – Within the poverty reduction thematic area in Pakur district, JLPK is one of the implementing partners of UNDP's Financial Inclusion project who is working with the state governments to facilitate the design and implementation of pro-poor and inclusive livelihood promotion strategies. The focus is on excluded groups such as women, Schedule Castes (SCs), Scheduled Tribes (STs), Minorities, below-the-poverty line and migrant households and involuntarily displaced people. Recognizing that access to financial services is a crucial element of livelihood promotion, financial inclusion is an important component of the programme.

**Operational areas** – 9 (Nine) remote and backward villages of Littipara Block of Pakur District is selected namely Bara sarsa, Kamalghati, Jitpur, Chota sarsa, kawanduba, Phulpahari, Dopahari, Patrapara and Jirli

## PROJECT TITLE– DISTRICT WATER & SANITATION MISSION

Improving sanitation is the key to achieving our health related millennium development goals of reducing child mortality and combating disease. The practice of open defecation by the majority of poor rural household is one of the most serious environmental threats to public health. Open defecation and failure to confine excreta safely are prime factors that contribute to the spread of disease and infection through the bacteriological contamination of water sources and the transmission of pathogens through the fecal oral route. Public health outcomes can be achieved only when the entire community adopts sanitation behavior for 100% open defecation free zone. JLKP implemented D.W & S.M, a people centered participatory & demand driven approach, which is being implemented in a mission mode.

**Funding partner** – D.W & S.M , Pakur, D.W & S.M Sahebganj

**Operational areas** – In 7 (Seven) Panchayats of Sahebganj district, namely Barhet, Boreo, Udhawa, Rajmahal, Barharwa, & in Jikarhatti Panchayat of Pakur block.

### Achievements in 2011-12

This year Jan lok kalyan parishad has constructed about 842 numbers of low-cost latrine structures i.e 645 in Sahebganj district and nearly 197 numbers of such latrines in Jikarhatti panchayat of Pakur block. Behavioral change is being noticed among the villagers. Beneficiaries are using these toilets in a regular basis and they are also motivating the others for the same. Through this program, we also selected Village level health volunteers who will be the key health worker for the village and will take care of the health needs of the villagers, starting from counseling women on reproductive issues, awareness of safe water for health, The volunteer also generate mass awareness about preventive health issues.

## PROJECT TITLE – MATERNAL AND NEW BORN HEALTH

JLKP partners with NEEDS, Deoghar to ameliorate the poor nutrition and health that is widespread among vulnerable families, especially women and children. The organization's health intervention is entered around women – who it considers the backbone of the community and around children, its future. The thrust of its work is on building convergence and linkages with the State health delivery system, motivating and capacitating them to serve people better. At the same time, JLKP facilitates strengthening the voice of the community to demand quality medical services from the government machinery. JLKP is working on the issues of Safe Motherhood and child survival with the goal of catalyzing sustainable improvement of maternal and newborn health status through effective community action.

**Funding partner** – NEEDS, Deoghar

**Operational areas** – In 11 (Eleven) Subcenter of Pakur and Hiranpur block of Pakur District.

### Activities Undertaken:

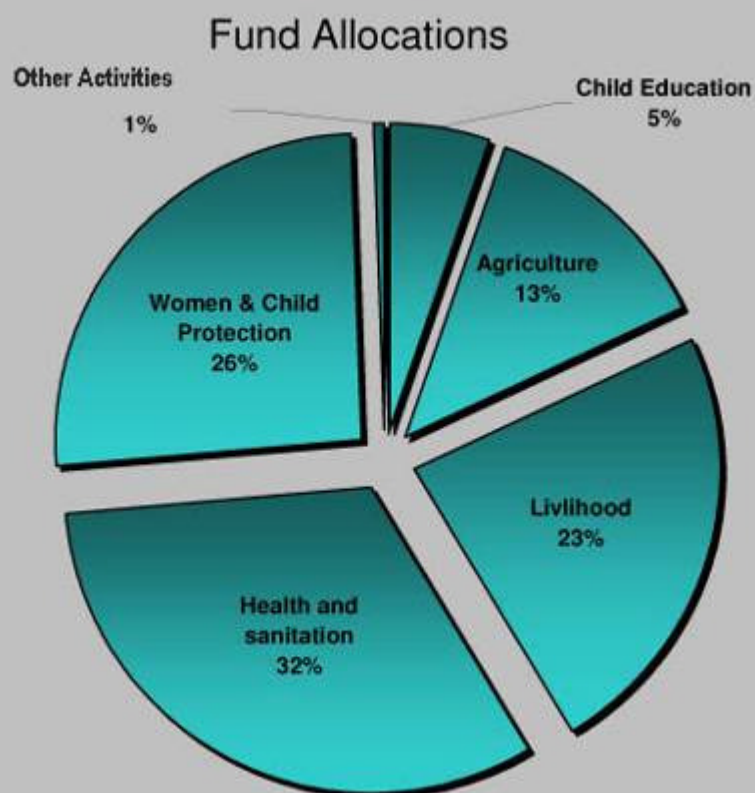

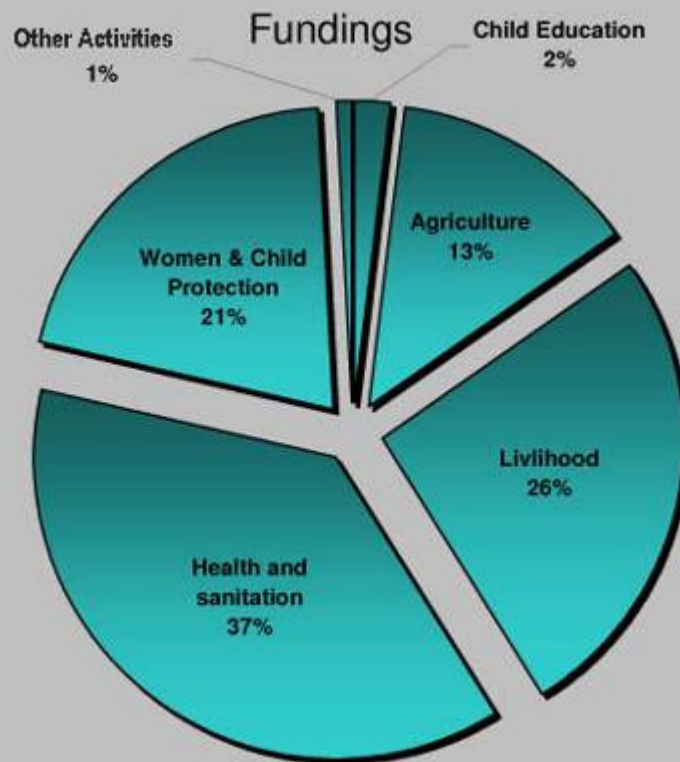

- Creating prototype models of service deliver involving.
- Capacity building of community level institutions formed.
- Involvement of Anganwadi Workers (AWWs) and Auxiliary Nursing Midwives (ANMs) in child growth monitoring and survival has led to increased awareness among communities regarding mother & child health care.
- Accelerate Government Health Service Delivery- through community based advocacy
- Capacity building of health team/ community based health service providers

JLKP has a corporate hierarchical structure which defines complete responsibility of a particular job for a particular level of staff. JLKP also believes in an efficient staff development policy and from time to time invests sufficient time and resources for capacity building of its team. The Central Team provides supportive supervision to the field staffs rather than just monitoring their activities. This helps each of the team members to flourish and contribute effectively to the Organizational development.

JLKP has an experienced team of Governing body which contributes effectively in policies and decision making for the organization through out the financial year 2011-2012. Sri Vinod kumar pramanik, the most popular among the team is voted as to serve as secretary for the organization this year also. The Governing Body member of JLKP for the financial year 2011- 2012 is as follows-
